For the Removal and Permanent Cure NERVOUS DISEASES.

This beautiful and convenient application of the my-rious powers of GALVANISM and MAGNETISM, has be pronounced by distinguished physicians, both in Europe the United States, to be the most valuable medicinal discar-

MAGNETIC FLUID. GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs and invigorating the entire system. Also in FTPS, CRAMP, PARALYSIS and PALSY, DYSPETSIA OF INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHRST, LIVER COMPLAINT, SINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KID. A Derangement of the Nervous System.

AG In NERVOUS COMPLAINTS, Drugs and Medicines inscrease the disease, for they weaken the vital energies of the already growtrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength elasticity and vigor.

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease by out-ward application, in place of the usual mode of drugging and pheicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstences. Since their introduction in the United States, only three years since, more than 75,000 Persons

meluding all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nerv oue Complaints, have been ENTIRBLY AND PERMANENTLY CURED, when all hope of relief had been given up, and every thing else been tried in vain! To illustrate the use of the GALVANIC BELT, suppose To illustrate the use of the GALVANIC BELLT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temperary re tief, but which leave the patient in a lower state, and with in jured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT—take a Dyspeptic sufferer, even is the worse symptoms of an attack, and simply the the Belt around the body, using the Magnetic Fluid as directed in a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most ac ere cases of DYSPEISIA are PERMANENTLY CURED A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO FRADICATE THE DISEASE OF YEARS.

For about scenty years I had been suffering from Dynapsia. Every year the symptoms become worse, not could lobate in permanent relief from any course of medical treatment whatever. About fewriters years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I become subject to a severe Chronic Rhoumatism, which for year after year, caused me indescribable unguish. Farther: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchits, which soon became so severe as to require an immediate suspension of my pastoral labors. My nervous system worse, so also did my Dyspepsia and Rhoumatic affection—thus evincing that these disorders were connected with each other Swough the medium of the Nervous system. In the whole pharmscopesis there seemed to be no remedial agent which could reach and recuperate my Nervous System; every hing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MagNETIC FLUID. DR. CHRISTIE'S GALVANIC NECKLACE is used for all complaints affecting the Throat or Head, such as Bronchitis, Inflammation of the Throat, Nervous and Sick Headache, Dizziness of the Head, Neuralgia in the Face, Buzzing or Roaring in the Ears, Desfiness, which is generally Nervous, and that distressing complaint, called Tic Doloreux. Palsy and Paralysis.

All physicians acknowledge that these terrible diseases are caused by a deficiency of Nerveus Energy in the affected limbs. Dr. Christis's Galvanic Articles will supply this deficient power, and a complete and entire ours is thus effected.

Severe Deafness Cured. Severe Deafness Cured.

The following is an extract from a letter lately received from a distinguished physician in the State of Virginia:

"A. H. Christer, M. D.—Dear Sir: One of my patients, unknown to me, obtained your Saleanic Belt and Necklece, with the Magnetic Fluid, for a serious affection of Deafness The case was that of a lady whose Nervous system was much disordered, and her general health poor. Much was done previously to the application of the Belt, but with very little success, and I feel it only right to tell you, that since she commenced wearing the Belt and using the Fluid, but a few weeks ago, she has ENTIRELY RECOVERED HER HEARING, and her general health is better than for several years." acveral years."

(G)—Every case of Deafness, if it be Nervous, as it generally is, can be cured by this wonderful remedy.

DR. CHRISTIE'S GALVANIC BRACELETS Are found of vast service in cases of Convulsions or Fits, Spasmodic Complaints, and general Nervous Affections of the Head and upper extremities. Also in Palsy and Paralysis, and all diseases caused by a deficiency of power or Nervous Energy in the limbs or other organs of the body. Tic Doloreux and Neuralgia.

These dreadful and agonizing complaints are immediately relieved by the application of the Galvanic Bell vicellaces and Figure. The Bell diffuses the Electricity through the system; the Necklace has a local effect, and the Fluid acts directly upon the affected nerves. In these distressing afflictions the application NEVER FAILS. FITS AND CONVULSIONS. These alarming and terrible complaints are always caused by a devengence of the Nervez. The BELT, BRACKLETT AND FLUID will cure nearly every case, no matter how young how old the patient, or how confirmed the complaint. No merous and estonishing proofs are in possession of the provision.
